

AMALFI

CAUTION

Inspect product for major defects in construction prior to cutting or installing. Returns will not be accepted on cut panels.

PROFESSIONAL HANGERS

Only professional wallpaper hangers should be contracted to install GregoriusPineo wallcoverings. Our wallcoverings are not covered under a warranty and no guarantee is offered against color fading, shrinkage, damage, or change due to contact with any liquid.

ADHESIVES

We suggest using a clear, non-staining, vinyl adhesive when installing our wallcoverings. Wall surfaces must be properly primed prior to application of adhesive to the wall surface.

TRIMMING

Our wallcoverings have not been pre-trimmed and for best results double cutting on the wall is suggested.

INSTALLATION

Prior to wallcovering installation, it is recommended to lightly mist the back of the wallcovering with water. This will help prevent any shrinkage or bubbles from forming after the wallcovering is adhered to the wall.

We recommend applying the adhesive to the wall surface only and not to the wallcovering backing.
